

## **RemitDATA and MedEvolve Partner to Deliver Transparency to Physicians and Practice Administrators**

*SaaS-based reimbursement and utilization platform provides custom alerts to providers*

**(DALLAS) December 7, 2010** – [RemitDATA Inc.](#), the industry expert in reimbursement and utilization data and analysis solutions in the outpatient healthcare market, announces a new RemitPARTNER program agreement with [MedEvolve LLC](#), a leading provider of practice management and revenue cycle management services.

The strategic partnership will allow MedEvolve's customers to have access to RemitDATA's next generation SaaS-based reimbursement and utilization platform, which provides a level of transparency never seen before by physicians and practice administrators. MedEvolve's customers will be able to receive custom alerts on reimbursement, utilization, productivity and compliance issues that they can set according to their specific measurement needs.

"It's time for healthcare providers to see what payers, Medicare and regulators already see. With increasing regulations, the ever-changing landscape of reform and declining reimbursements, physicians need clarity to succeed more than ever," said [Michael Sanderson, president of RemitDATA](#). "MedEvolve is a perfect fit for our turnkey partner program because of their dedication to providing innovative solutions to their customers and affinity for sophisticated technology."

RemitDATA develops strategic partnerships with leading healthcare IT companies to bring its powerful analytics and EOB document management solutions to a broader base of outpatient providers. The turnkey program enables healthcare vendors to better serve their customers with proven, value-added solutions that have already helped tens of thousands of providers accelerate cash and minimize compliance risk. Partners benefit from immediate, high-margin incremental revenue.

"The RemitPARTNER program was a natural fit for our company. This will allow us to continue to serve our clients with industry-leading technology that will help their business be more successful amidst the challenging healthcare environment," said **Jay Davison, chief executive officer of MedEvolve**. "The program's turnkey resources cover everything from training to support making implementation within our company a success."
